

Vegan Spirituality Retreat

Public Eye: Artists for Animals and Vegvine.com present a retreat on Vegan Spirituality. We invite you to discuss veganism as a spiritual practice and meet others who consciously choose a lifestyle based on compassion for all beings. Enjoy panel discussions, guided meditations, a delicious vegan lunch prepared by professional chefs, and a nature walk along the creek at Saunders Woods. We look forward to building a spiritual community and manifesting a positive vision for Vegan Spirituality. Free transportation from the nearest train station and childcare will be provided.
